

# AERIAL CINEMATOGRAPHY, AERIAL PHOTOGRAPHY, & MULTIMEDIA PRODUCTION SERVICES

## WHO WE ARE

We are a team of Creative Multimedia expert based in Johor with specialize in Multimedia Production works. Our experience in video production includes online learning technology, creative montage, corporate video works, voice over recording and aerial cinematography.

## WHAT WE DO

We strive our best on capturing aerial footage that will highlight your unique vision and produce stunning visual from a diverse perspective. By offering a cost-effective drone package now you also have the opportunity to enjoy a 'bird's eye view' footage by our professional drone pilot. Our unmanned aerial flying system is equipped with a GPS system with live video feedback and fail-safe safety features.

## WHAT WE OFFER

Television, Commercial, Music Video, Real Estate, Engineering, Sports, Wedding, Promotional Video...

By offering aerial footage service of up to 2K display resolution from a variety of production works, we visualize to you a different angle of story according to your needs. Because every story needs to be delivered in different ways with different angle to get big impact in a storyline. And that is where we offer you our great effort in making your aerial footage a work of art.

## WHY US

Our multimedia team of expert and professional drone pilot connected to one single target, that is to deliver professional experience with cost effective package and a friendly service to our clients. Let us capture your aerial footage!
